PASADENA TOURNAMENT Pat. 578

MARSH'S NURSERY

SYcamore 3-4277
PASADENA 4, CALIFORNIA

150 NORTH LAKE AVENUE

"In the center of Pasadena"

FLORADORA (Patent Pending)

PINOCCHIO (Plant Patent No. 484)

Florabunda

or SWEETHEART ROSES

The beauty of this group of roses lies in the attractive display of bloom. Those of Red Sweetheart and Pasadena Tournament are borne singly on the stems and are therefore ideal for cutting. The flowers of the other varieties listed (true floribunda) are borne in clusters containing both open flowers and buds at the same time. No other group of roses will give as much bloom per plant than these little lovelies.

GOLDBLOCKS

(Pat. Applied for)

An unusual and welcome yellow floribunda. Fragrant double buds of boutonniere size produced in gratifying quantities. A low spreading bush seldom over 2 feet in height. This new yellow rose is welcome to round out the color scheme of a popular group of roses. Foliage is good, shiny and attractive.

\$1.50 Each

FLORADORA

Pat. Pending

New, delightful, and brilliantly colored polyantha. Bright orange-red flowers. Supplies a needed color in this group of bedding roses.

\$1.50 Each

PINOCCHIO

Pat. 484

Floribunda. An ideal companion for those small roses you have like our Pasadena Tournament and Red Sweetheart and others. Plants are dwarf, around two feet tall—just the right size for mass planting or edging. Always in bloom with its pointed buds, salmon flushed gold in large clusters.

\$1.25 Each

SMILES

Pat. 331

Gorgeous clusters of coral pink buds which spring into dainty semi-double flowers of lively salmon pink, beautifully shaped and about 3 inches across. Delicate fragrance of the long-lasting flowers is very pleasing. Dwarf plants 18 inches.

\$1.25 Each

SNOWBANK

Pat. 279

Large pure white flowers in generous clusters making a mass of white bloom suggestive of a snowbank. The foliage is a rich green, healthy in appearance and just right to set off the display of bloom.

\$1.25 Each

SMILES (Plant Patent No. 331)

Pasadena Tournament

Pat. 578

The name, "Pasadena Tournament" has a counterpart in the Tournament of Roses, the famous Football pageant annually held in Pasadena. From the small, dainty red buds come regular size velvety red flowers, literally bursting into a glorious pageant of rose beauty.

In the garden Pasadena Tournament makes a compact small to medium size bush. Well clothed in good rich green foliage. Since it is almost completely thornless, it can be used in masses close to walks without the damage of torn clothing. Dainty in every way, it is best placed where it can be easily admired.

Each \$1.50

Red Sweetheart

PAT. 577

Carmine red buds opening to rose red blooms. The flowers are slightly smaller than those of Pasadena Tournament when fully open. In many ways the lighter color of Red Sweetheart is appropriate for many occasions where less color display is desired. The buds make exquisite corsages, boutonnières. Small, daintier bouquets are delightful with Red Sweetheart.

In cooler weather the color is deeper and richer. Red Sweetheart in the garden will produce very well formed buds that are brighter than the popular florist's Sweetheart roses and the dainty, tiny buds, almost completely devoid of thorns are easily picked.

Bushes of Red Sweetheart seldom exceed 3 feet, more commonly 2-2½ feet in height, making a compact, neat bush. It can be planted in front of Pasadena Tournament for special effects.

Each \$1.25

PASADENA TOURNAMENT (Plant Patent No. 578)

RED RIPPLES

Pat. Pending

Small pointed buds of dark red are borne in large clusters. They are of the boutonniere type, each one of the cluster of perfect form. A steady blooming plant of tall upright growth and excellent foliage.

\$1.25 Each

RED RIPPLES (Patent Pending)

RED SWEETHEART (Plant Patent No. 577)

A Garden of Sweethearts

One each of these outstandingly lovely roses with two each of Pasadena Tournament and Red Sweetheart.

Marsh's Garden Roses

PATENTED AND POPULAR

A Selection of the Best Varieties

Non-patented Roses: Bush \$1.00, Climbing \$1.00, Tree \$4.50

AUTUMN

Handsome buds of burnt orange, open flowers heavily suffused with russet-brown and bronzy-red on a background of rich yellow, reminiscent of autumn foliage colors. \$1.00 each.

CALEDONIA

Beautifully shaped, long snowy white buds opening to pure white flowers. Deliciously fragrant. Very double and long lasting. Free flowering but best in the cooler weather. \$1.00 each.

CALIFORNIA

(Pat. 449.) One of the finest for southern California. In the full sunshine and rich soil of California this rose is aptly named. Enormous flowers of ruddy orange toned with saffron-yellow. \$1.50 each.

CECILE BRUNNER

Tiny flowers. Buds pink shaded to salmon. Always in bloom. This rose, with our Pasadena Tournament and Red Sweetheart are three of a kind, very different from the usual large flowered roses. \$1.00 each.

CHARLOTTE ARMSTRONG

(Pat. 455.) This rose of recent introduction is receiving wider popularity generally upon merit alone. Flowers cerise and pink verging on red. A strong vigorous free-branching habit. Produces many flowers for cutting. \$1.50 each.

After April 1 all Bush and Climbing Roses are in containers
Priced as follows: 5-gal. containers \$3.00 each; weight 40 lbs.;
1-gal. \$1.75, weight 12 lbs.
Roses priced over \$1.50 each available in 5-gal. containers only.

CHARLOTTE ARMSTRONG (Plant Patent No. 455)

FRED EDMUNDS

We offer a 10% discount on the list price of all roses when order amounts to 12 or more (your selection) roses.

CHRISTOPHER STONE

One of the finest red roses. Brilliant crimson-scarlet becoming deeper as the flower ages. Does not "blue" or fade in heat. \$1.00 each.

COLIN KELLY—See below.

CONDESA DE SASTAGO

Unsurpassed in brilliance is this bi-colored rose of Spanish origin. Large, fairly double flowers are a glowing orange-scarlet on the inside of the petals and intense bright yellow on the underside. Sweetly fragrant. Very popular. \$1.00 each.

CRIMSON GLORY

(Pat. 105.) It may be the immense, well formed flowers or the lovely deep shade of velvety crimson that makes this rose so popular but all we can say is that it ranks among the top few good red roses. Fascinating fragrance. \$1.50 each.

DAINTY BESS

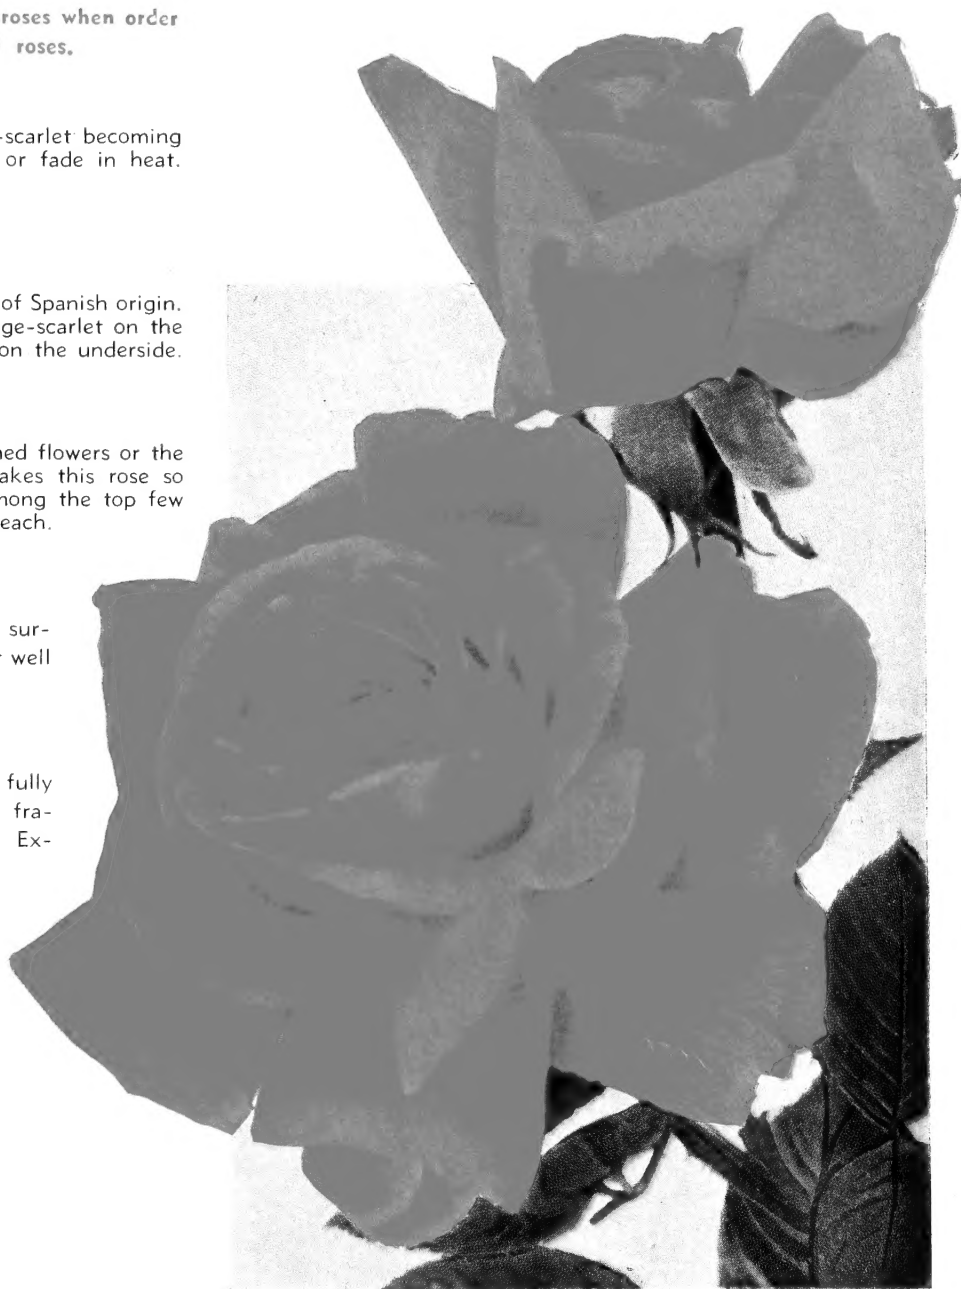

A dainty single rose, five delicate pink petals, surrounding a bunch of wine colored stamens. Last well when cut, continuously in bloom. \$1.00 each.

DAME EDITH HELEN

Still a very popular pure pink rose. Large, fully double flowers on long stems are deliciously fragrant and a clear rose pink, glowing yet soft. Excellent for cutting. \$1.00 each.

DEBONAIR

(Pat. 677.) A lovely new yellow rose with excellent quality in both the buds and half open flowers. Has a delightful old fashioned fragrance. Flowers high centered, double in a lovely primrose yellow becoming paler as the flower ages. Free-blooming, and sturdy with vigorous growth and abundant dark foliage. \$2.00 each.

COLIN KELLY (Patent Applied for)

COLIN KELLY

PAT. APPLIED FOR

Since our introduction of Colin Kelly we have had many good reports of the fine performance all over the country, particularly in the warmer areas where it outblooms many other roses. Most of our customers are enthused with the color and freedom of bloom but are particularly taken with the fragrance. It is just a fragrance that you can't forget.

Colin Kelly is a beautiful, lively pink changing to cerise red according to the weather and season. Its fragrance, so delightful, pleases everyone. Makes a good vigorous bush with excellent foliage and a free flowering habit.

THE DOCTOR

SHOW GIRL

(Pat. 646.) A glorious rose for the buds and partly opened flowers. The long pointed buds are perfectly formed of heavy textured petals. The color described as a rich deep phlox pink is exceptionally good, appears deeper earlier in the season than later. Stems long and fine for cutting. \$2.00 each.

SIGNORA

(Pat. 201.) Graceful buds of warm toned orange rose with a touch of golden yellow at the base. They open to fully double flowers with heavy reflexed petals. The color, mandarin and salmon, gives a sparkling effect. Very fragrant. Long stems excellent for cutting. \$1.50 each.

SIERRA GLOW

(Pat. 521.) Lovely at every stage from the long flaring bud to the double high centered flowers with their many petals. The sweet scented flowers are long lasting either on the bush or when cut. An unusual shade of tan in the center with the outer petals a silvery pink as described by the introducers like "that indescribable summer afterglow on the snowy peaks of the high Sierras". \$1.50 each.

SISTER THERESE

Fragrant chrome yellow flowers, tinged with carmine, open to clear golden yellow. Free branching, strong-growing, with good, leathery bright green foliage. \$1.00 each.

SMILES. *Floribunda.* See page 2.

SNOWBIRD

Almost pure white. One of the prettiest little white roses. Buds fascinating—long, beautifully shaped opening to small high centered flowers. Very fragrant. Performs very well. \$1.00 each.

SONATA

(Pat. applied for.) Large perfectly shaped flowers open very gradually and artistically from long pointed buds. Buds deep red; flowers high centered of the same color but outer petals slightly deeper in color. Abundant, sweetly fragrant bloom. \$1.50 each.

SOUTHPORT

Long slender buds and lovely open flowers of brilliant scarlet. Good size and fragrant. The color is one of those reds that appear very well under artificial light which is of added value when used in bouquets. \$1.00 each.

TALISMAN

So well known as to hardly need a description is this popular multicolor rose. Exquisite buds freely produced, brilliantly colored orange-scarlet and golden yellow. \$1.00 each.

TEXAS CENTENNIAL

(Pat. 162.) Tall vigorous strong canes of Pres. Hoover, but with magnificent full buds opening to carmine-red flowers, which in cooler weather are deeper in color. \$1.25 each.

THE CHIEF

(Pat. 456.) An unusual large flowered rose with long-pointed buds and good stems for cutting. Although the color varies with the season, at its best it is a deep pink to flame changing to an orange pink as the flower ages. Rich fruity fragrance adds to the appeal. \$1.50 each.

THE DOCTOR

An enormous large-petalled pink rose. Exquisite silver-pink, fragrant. A little extra attention in the garden will insure a good production of flowers. \$1.25 each.

TREASURE ISLAND

Long pointed buds with long stems. Brilliant coppery-orange. Petals flaming coppery orange outside, shaded to gold at the base on the inside. Flushed with salmon. In cooler weather the flowers are more pink in color. \$1.25 each.

VICTORIA HARRINGTON

A magnificent dark red rose. Buds long, perfectly formed. Flowers with spicy fragrance. One of the finest reds. \$1.00 each.

VILLE DE PARIS

Please Read Carefully Before Ordering

GUARANTEE OF INSPECTION:

Our nursery is inspected regularly by the Los Angeles County Agricultural Commission and we have a certificate guaranteeing a clean bill of health for all our plants. All plants purchased from us can be delivered and planted without further inspection in Los Angeles County, however, shipments to other counties must be inspected at their destination.

We take great care in marking plants. If plants are mislabeled, we will be liable only to the purchase price or a replacement of the plant.

We ask your cooperation to buy items that can be bought Bare Root early. It is less expensive and your plants will grow better and recover more quickly from their travels.

SHIPPING:

We have specified some items as postpaid, in which case the price includes packing and shipping charges. Some bulbs, all bare root roses and fruit trees and perennials will be sent to destination west of the Rocky Mountains, prepaid when 15% of the order is included for this purpose. Shipments of bare root plants east of the Rocky Mountains will be sent prepaid if 25% of the order is included for shipping. Plants from heavy containers will be shipped Express Collect. Please add 10% of value for packing containers.

The above percent of order charges for postage and packing of bare root roses applies only to small orders of 3 or less. When ordering larger quantities please refer to charge below, where applicable.

TERMS OF SALE

Please send Cash with Order. We are obliged not to accept mail orders for less than \$1.00. Orders originating within the state of California require the payment of State Sales Tax by the purchaser. Please add 2 1/2 % for this purpose. Please do not send stamps.

No. C.O.D. orders accepted. Refund will be made for items which cannot be supplied, if no substitutions are indicated.

APPROXIMATE WEIGHTS WHEN PACKED:

Gallon containers—Shrubs, 12 lbs.* Shipped Express Collect.

5-gallon containers—Shrubs, 40 lbs.** Shipped Express Collect.

Roses (bush and climbing)—1st rose, 2 lbs., each additional 1 lb.

Roses (Standard or Tree)—5 lbs.

Fruit Trees—For local sale only. No delivery.

Berries (except Strawberries)—12 plants 5 lbs. **Strawberries**—50 plants 3 lbs.

Small Pots—Add for packing and postage: 25c per 3, 50c for 6, etc.

* We have been successful in reducing the weight of gallon stock by removal of about 2 pounds of soil. This method is superior to the complete removal of all soil (bare root) on evergreen plants. Please add 10% of order for packing.

** Five-gallon plants listed are very heavy and are intended mostly for our local trade. These may be shipped as is, or we can reduce the weight to 30 pounds but will not guarantee safe arrival. Please add 10% of order for packing.

FIMBRIATA or CARNATION TYPE
TUBEROUS ROOTED BEGONIA

TUBEROUS BEGONIAS

Tuberous Begonias. Very popular plants for shady gardens with large decorative leaves and showy waxy flowers. Start bulbs in sandy peat or leaf mold and transplant to soil made up with generous amounts of leaf mold or peat.

Camellia-flowered. This strain is the best obtainable, producing immense, fully double flowers with rich coloring. In the following colors: Red, pink, white, yellow, orange, salmon, rose. \$2.00 per doz., postpaid.

Carnation-flowered. Fully double with petals fringed like a carnation. Very lovely and a welcome variation in begonia plantings. In the following colors: Red, pink, white, yellow, orange, salmon, rose. \$2.00 per doz., postpaid.

FREESIAS

Freesias. For fragrance in the garden and indoors when the flowers are cut there is hardly a bulb superior to Freesia. Plant them in quantity for many of the lovely colored kinds are exceptionally desirable.

Rainbow Mixture. Choice blend of colors. 35c doz.; \$2.25 per 100, postpaid.

CALLAS

Callas. No garden in California is complete without some callas. The white has been most popular but the newer colored kinds offer much in interest because of their dwarfer habit of growth and rich colors. All very easy to grow in good soil kept well watered.

Large White (Aethiopica). Very popular. Large white form of lovely texture. 15c each.

Golden Yellow (Elliotiana). Luxuriant deep green leaves with silvery speckles. Flowers golden yellow. 25c each.

Large-flowered Pink (Rehmanni superba). Taller than the usual pink calla and with real pink flowers. 50c each.

CALLA COLLECTION OFFER. One root each of white, yellow and pink Callas will be sent postpaid for 90c.

FRAGRANT FREESIAS

The bulbs listed on this page are best grown in pots where the winters are cold.

PINK
CALLA

GIANT TECOLOTE RANUNCULUS

TECOLOTE GIANT RANUNCULUS

Ranunculus. For southern gardens these bulbs take the place of tulips. They are so well known as to need little description. The tall graceful stems have lovely large double flowers in many shades from white through orange, yellow, pink and red. Plant as for anemones one inch deep with the claws downward. In cold climates plant well after the ground has warmed in late spring.

In Separate Colors:

Red shades	Pink shades
Yellow	Orange
Golden Yellow	White

\$1.50 per doz. Postpaid.

Superb Mixture of Giant Ranunculus. Top size, 15 for \$1.00; medium size, 30 for \$1.00; small size, 60 for \$1.00.

GARDENIA MYSTERY

DE CAEN
ANEMONES**ANEMONE**

Anemone De Caen. Popular early spring flowers; flat, open saucers, wide and poppy-like in gay bright colors, including red, pink, lavender, purple, blue and white. Give rich open soil, sun. Plant 1 inch deep. Mixed colors. Top size, 15 for \$1.00; medium size, 30 for \$1.00; small size, 60 for \$1.00. Postpaid.

Blue Poppy. Excellent deep blue violet with black center. Large.

His Excellency. Bright red with black center and white zone.

The Bride. Pure white with light center. Very lovely variety.

The above 3 named varieties: Top size \$1.50 per doz. Postpaid.

GARDENIAS

Gardenia Mystery. Of the many forms of gardenia offered by nurseries, we have selected and grown this variety as the best of the lot. It is an improved form with exquisite large double flowers. Blooms profusely during summer. Does best in sunny situation. From 2 1/4 in. pots, 3 for \$1.25, postpaid.

Marsh's Seeds OF UNUSUAL PLANTS

Héta Cucumber (Trade Mark). An easily grown cucumber producing long, smooth, spineless fruits perfectly edible even when 18 inches long. The skin is a pleasing light green color and so thin that peeling is unnecessary. Flesh white, crisp and sweeter than that of ordinary cucumbers and causes no gastric disturbances whatever. Pkt. 25c.

ANNUAL PHLOX

Phlox drummondii. This is one annual plant that makes its stay in the garden worthwhile as far as color and uniformity of growth are concerned. Plants are a uniform 18 inches high and produce heads of lovely phlox flowers in a wide range of colors. Mixed. Pkt. 25c.

DAHLIA SEED

Collected from Choice Exhibition Types

Dahlia Seed. We offer seed saved from the finest varieties listed in last year's catalog. These will not come true but will give surprising results in the new seedlings. Growing new dahlias from seed is a delightful surprise from start to finish and you may get one or more extra fine new kinds. **Subject to crop**. Pkt. 100 seeds \$3.50; Pkt. 50 seeds \$2.00.

Unwin's Dwarf Dahlias. An exceptionally fine strain of dwarf dahlias. Flowers semi-double and in a wide range of colors. The individual blooms average 4 to 5 inches across—just right for cutting. Makes a fine display in beds or borders. **Mixed only**. Pkt. 25c.

GERBERA, Transvaal Daisy

The striking beauty of the Transvaal daisy with its simplicity of flower and the wide range of pastel colors found in them has made it one of the choicest of garden flowers. They can be grown from seed but this must be sown in boxes or flats of light soil and the seedlings transplanted when large enough to handle. Sow June, July and August only. Pkt. 25c; 100 seeds 75c.

PANSY, GIANT SWISS

BIRD OF PARADISE STRELITZIA

LANTANA

Although Lantana gets to good size in California and in other warm areas it is still one of the nicest little plants for porch boxes, borders, etc. in other places. Plants come readily from seed and offer a wide variety of colors. **Mixed colors**. Pkt. 25c.

STRELITZIA—Bird of Paradise

The exotic beauty of the Bird of Paradise flower with its birds of orange and blue that stick their heads above the tropical looking foliage is perhaps excelled by the beauty of its seeds. Whether you sow these little gems or not you will never forget seeing the seeds—about the size of a pea, jet black with a dull polish crowned with a gorgeous plume of bright orange. You can delight your friends with them or sow in a good rich soil. Seedlings should bloom in about 6 years from seed. 4 seeds 75c.

DELPHINIUM

Pacific Hybrids. We are offering seed of selected forms of this wonderful strain of Delphinium. For a further description see next page. Easily grown from seed preferably sown in flats and transplanted when large enough to handle. This is the most economical way of securing a large number of plants. **Mixed**. Pkt. 50c.

GIANT SWISS PANSY

These are the large flowered Pansies so desirable for bedding and picking. Give pansies a good rich soil and pick as many flowers as you like because the more you pick the longer and better they bloom. **Mixed colors**. Pkt. 50c.

Viola cornuta

Violas are related to Pansies but the flowers are smaller and perhaps more colorful because of the different colors. They are more inclined to be perennial especially in cooler areas. They are an ideal ground cover for the rose garden, supplying a bright, cheerful aspect to the beds. Separate colors: **Apricot, Blue, Yellow, White, Mixed and Johnny Jump-up**. Each, Pkt. 25c.

DELPHINIUM, PACIFIC HYBRIDS

CANNAS

These bright plants with their large "tropical" foliage and showy, neat looking flowers are often neglected in modern gardens. There is little reason for this since the newer varieties are real plants of merit. They require little attention after planting preferring a good soil and full sun. In cold climates the roots should be stored as for Gladiolus and Dahlias and planted again the following spring after danger of frost is passed. 4 for \$1.00, postpaid.

Copper King. Giant apricot.	Hungaria. Pink.
Florence Vaughn. Yellow with red throat.	Indiana. Orange.
	The President. Red.
Winter's Colossal. Scarlet.	

BRILLIANT CANNAS

DELPHINIUMS

Delphinium Pacific Hybrids. This glorious garden plant lends its tall stately flower spikes to grace any garden. Since the introduction a few years ago of this strain of Delphinium it has become the standard of perfection among garden Delphiniums. The individual florets are quite large, many times they are 2 inches or better across in well fertilized plants and come in several distinct shades. We offer mixed colors only which may include light and dark shades of blue, pink, lavender, to purple and white. 50c each. Young plants (best for shipping), 6 for \$1.00, postpaid.

LANTANA

Lantana. These showy shrubs give more color per year than any other plant we offer. They thrive on neglect and if frozen back quickly recover. Full sun. Dwarf varieties in orange, pink, yellow and white. Gal. 50c. All colors. From 2 1/4" pots 25c each.

Packing and Shipping Charges, 25c for 3 Plants.

Sellowiana (Trailing lantana). Useful for covering banks, parkings. Makes a rapid and thorough covering. Lavender-orchid flowers. Sun. Gal. 50c. From 2 1/4" pots 25c each.

Packing and Shipping Charges, 25c for 3 Plants.

AGAPANTHUS UMBELLATUS

BLUE LILY OF THE NILE

Agapanthus umbellatus. On stout, yet graceful stalks this plant bears large umbels of lovely blue lily-like flowers in great profusion during the summer months. The leaves are long and narrow in nice clumps. Agapanthus is delightful when planted in colonies of several bulbs in partially shaded places where the blue flowers show up well against a dark green background, and is most effective if partial sunlight strikes the flowers. Shade is not necessary, it just prolongs the flowering season. Bulbs for shipping, 3 for \$1.50, postpaid. Available all year.

"Giant Oaks from Little Acorns Grow"

This season we are offering a number of shrubby plants in small size from 2¼-inch pots which we have grown especially for mail orders. Our customers in California and in similar climates will find these to be a most economical way of getting a start of some shrubs and those in others climates will welcome them also. The larger sizes are often too big to set out in pots or porch boxes or tubs but these little plants are just right. Packing and postage on these are at the rate of 25c for 3.

OLEANDERS

Oleanders (*Nerium oleander*). Large shrub equally useful and at home along the coast or in the hot desert valleys where they are the showiest summer flowering shrubs. Oleanders have been known since ancient times and have been popular as tub plants in cold regions, being stored in the cellar over winter. Why not try some of these extra fine varieties in tubs. Gal., 75c; from 2¼" pots 35c each.

Cherry Red. Large bright scarlet flowers.

Double Rose. Huge double pink flowers. One of the best.

Mrs. Roeding. Salmon-pink, semi-double.

Single White. Pure ivory white.

POINSETTIA GERANIUM

POINSETTIA GERANIUMS

Red Poinsettia Geranium. A novelty that is really different. Although the individual flowers are small they make quite a show in the cluster when the plants are fully in bloom. Individual petals long and narrow, suggesting a Poinsettia, and the same bright red color. 50c each.

EPIDENDRUM O'BRIENIANUM

The easiest of all orchids for anybody to grow. They make large clumps in good soil and most of the summer are covered with clusters of bright red flowers. Flowers are long lasting and the straight stems can easily be cut. May be grown indoors in pots where the climate is colder. 2 plants for \$1.50, postpaid. Can ship at any time.

HYDRANGEAS

HYDRANGEAS

Hydrangea, French Hybrids. Lovely low shrubs, 3 to 4 feet high with large light green leaves and immense clusters of delicately colored flowers. Individual florets very large.

We offer the following selected Florist's Types which make the finest potted specimens for indoor use. Can be set outdoors in summer. Colors are not dependable in any hydrangea and any change in color in your garden is no indication that we have sent the wrong variety.

Altona. Clear pink flowers. From 2¼ in. pots. 50c.

Ami Pasquaar. Choice red type. From 2¼ in. pots. 50c.

Blue Princess. A lovely shade of blue. 2¼ in. pots. 35c.

Carmine Red. Very choice red. From 2¼ in. pots. 35c.

Gertrude Glahn. Rose. From 2¼ in. pots. 50c.

Goliath. Enormous heads of dark rose. From 2¼ in. pots. 35c.

Hamburg. Carmine red flowers. From 2¼ in. pots. 50c.

Kuhnert. The best of the blues. From 2¼ in. pots. 75c.

Merville. Light red florets. From 2¼ in. pots. 50c.

Regula. The best white hydrangea. From 2¼ in. pots. 75c.

Strafford. Best of all. Dark pink showy flowers. From 2¼ in. pots. 75c.

BIRD OF PARADISE

Bird of Paradise (*Strelitzia reginae*). The exotic Bird of Paradise from Africa is completely hardy in California. Makes a dense clump of long green leaves from which appear the long stems and heads of flowers looking for all the world like a gay tropical bird in orange and deep blue. Can be grown successfully in tubs or large pots or in the open ground. Gal., \$1.50; 4-inch pots, 60c.

HIBISCUS

HIBISCUS

Hibiscus. No shrub is more typical of California than this glorious almost everblooming shrub. Hibiscus get to be a good size but can be cut back safely if pruning is done just as new growth starts. All varieties do well near the coast, although the single varieties are better inland. The lush evergreen foliage is always attractive. Shipping dates, earliest, March 1 through summer months.

Agnes Gault. Very popular large flowered pink. Single. Gal. \$1.00; from 2 1/4" pots 35c.

Double Agnes Gault. Very double with the pleasing pink of Agnes Galt. Gal. \$1.00; from 2 1/4" pots 35c.

Apricot. Single, rich apricot shaded orange-yellow. Gal. \$1.00; from 2 1/4" pots 35c.

Brilliant. Fiery red. Very popular single. Gal. \$1.00; from 2 1/4" pots 35c.

Double Orange. Fine shades of bronzy orange. Very double. Gal. \$1.50; from 2 1/4" pots 50c.

Double Red. Excellent double with deep rose shades. Gal. \$1.00; from 2 1/4" pots 35c.

Malatoa. Very large flower with beautiful coloring. Single. The most prominent color is a rich pink with a bright red center and fading to a buff-yellow at the outer edge. Gal. \$1.75; from 2 1/4" pots for mailing 50c each.

Baby Ruffled Scarlet. Lovely variety with bright scarlet flowers, 2 to 3 in. across. Flowers very dainty and attractive, hanging all over the plant. Style column exceptionally long. Gal. \$1.00; from 2 1/4" pots 35c.

Single White. Pure white with red center. Gal. \$1.00; from 2 1/4" pots 50c.

Double White. Fully double, white. Gal. \$1.00; from 2 1/4" pots 50c.

Fair Jeannette. Light pink. Gal. \$1.25; from 2 1/4" pots 50c.

EPIPHYLLUMS

Orchid Cacti. One of the finest flowering plants for semi-shaded or fully shaded places. They are particularly fine when placed in containers suitable for hanging on the trunks of trees or against walls, such as wire baskets.

Plant in a well drained soil compounded of sand, garden soil and leafmold in about equal proportions. Top dress in early spring with manure and later on about a month after the blooming season using any good commercial fertilizer. Although the soil should be moderately moist at all times the drainage should be quick and thorough. Epiphyllums are not desert cacti.

Camillo Schneider. Apricot orange with cerise eye. 50c each.

Cattleya. Inner face of petals orchid, outer blood red. \$1.50.

Dr. Werderman. Lavender with bright red edges. \$1.00.

Easter Morn. Wide open giant white with crinkled petals. \$1.00.

Fire God. Large deep burnt orange flowers. \$1.00.

F. Werner-Beul. Carmine with lavender edged white. Large. 75c.

Golden Emblem. Golden yellow with large lavender eye. \$1.50.

Marseillaise. Stripes of red through violet to white. 50c.

Orchid Supreme. Light orchid. \$1.00.

Paradise. Orchid petals shaded red at edges. \$2.00.

Southland. Flowers clear orange. \$1.00.

SHASTA DAISY, ESTHER REED

DOUBLE GERBERAS

GERBERAS

Gerbera Jamesoni Hybrids, Transvaal Daisies. This is one of the finest perennials for the garden and cutting. Forms low tufts of foliage from which rise slender graceful stems bearing beautiful daisy-like flowers in a wide range of color. They are long-lasting and brilliant although many are pastel colors that combine well with living room furnishings when made into bouquets. In California they bloom over a long period but in colder climates give a light mulch during winter and enjoy their exquisite blooms in summer.

Single Gerberas. Choice strain including many of the best colors. When planting the crown of the plant should be high enough that it won't stand in water. This is especially true for our eastern customers. Root divisions 25c each; \$2.50 per dozen.

Double Gerberas. The center of the flower is completely double. We offer five color selections that seem to be the best available. **Red, Orange, Yellow and Pink.** Root divisions 50c each; 2 for \$1.00. Postpaid.

DAHLIA, CHARLES L. MASTICK

We feel that the selection and choice of the Dahlias in this list will meet the strictest requirements. They are selected after thorough trial in the garden and judged for their real value—color, amount of bloom per season, stem and keeping quality—we feel sure even the most advanced Dahlia fancier will appreciate having a list of the best with the poorer varieties not even listed. Some are new, others of a few seasons.

Prices are for tubers. Shipped from March to June 1.

INDICA AZALEAS

Indica Azaleas. We have specialized in this group of Azaleas. Our stock is of exceptional quality, bear large quantities of large showy flowers, 3 to 3½ inches across, some single, others double, in delicate colors. The foliage is glossy, lively green, lasting well throughout the year. Main period of bloom from Christmas until Easter.

Plant in peat with good drainage and be sure they get plenty of moisture. Planting holes should be made several times larger than the container and filled with soil made of at least half peat moss and half good garden soil. Use acid fertilizer only, avoiding any lime in water or fertilizer. Acidity can be kept up by applications of soil sulfur or alum.

6-inch pots, \$2.50 each.

Albert-Elizabeth. A very popular double. Not as colorful as the others but very dainty and lovely. Pure white petals with a light pink edge. Daintily ruffled.

Charles Encke. Large single flowers, variegated pink and white.

Erie. Very double flowers. Pink and white variegated.

Hollandia. Very double, large Orient red. A very choice and showy flower. Good size blooms and excellent foliage. Sold out for this season.

Mme. Vandercruysen. Large double flowers clear salmon pink.

MEYER LEMON

DWARF MEYER LEMON

The Meyer Lemon has been one of the most useful of fruits for California. Quite hardy, it can be grown as far north as San Francisco. An ornamental of top merit, with delicious flavorful fruit as well. For climates with cold winters the Meyer lemon makes a fine potted plants. From 2¼ inch pots, 3 for \$1.25.

RANGPUR LIME

Another dwarf citrus plant which can be handled much as the Meyer Lemon. Makes an ornamental shrub with fragrant flowers like orange-blossoms and in fruit it is covered with small orange fruits like Tangerines but with a lime flavor. From 2¼ inch pots, 3 for \$1.25, postpaid.

KUMASAKA

MARSH'S CAMELLIAS

RARE AND UNUSUAL VARIETIES

Camellias have become very popular in the last few years, for these ornamental evergreen shrubs have exquisitely beautiful flowers during the winter and spring. Contrary to most plants, camellias never get old and worn out, instead they become more valuable as

They are easy to grow in a shady, sheltered location; an acid soil with good drainage in which generous quantities of leaf mold or peat have been added. They require generous amounts of water during the growing season, but they should never become stagnant for lack of drainage. Withhold water and fertilizer during the dormant season when the flowers appear.

Unless otherwise noted plants from 2¼" pots, 50c each; 6 for \$2.75; 12 for \$5.25, Postpaid. See page 21 for listing of the Novelty Poinsettia Geraniums.

Ali Baba. A very fine ruffled white with large flowers on long individual stems making the head appear larger than it is. A very choice variety. Deep red markings and veins on upper two petals; lower three sometimes marked, often not. Each 75c.

Azalea. Free flowering. Very large blooms in huge clusters. The two upper petals rosy red, blotched darker; lower petals pink.

Anita. Early free-blooming variety. Petals white, margined with bright rose; upper petals dark crimson. A very lovely color combination.

Beverly Hills. Large flowering type. Amaranth pink or orchid with large deep purple blotches on the two upper petals. Early flowering and very beautiful.

Carmen Queen (Karmen Konigen). Cerise or carmine red with dark red blotches on the upper petals. Flowers large and slightly ruffled. Dwarf compact habit and splendid foliage.

Conchita. Glowing phlox purple with deeper purple markings and splashes. The upper petals deep maroon with a margin of color like that of the lower petals. Flowers of good size. Each 75c.

Diener's Giant. Rich deep pink. Flowers very large.

Dream. Light rose to white with two large blotches on the ruffled flowers.

SUNSET MAGAZINE (Top), NEUHEIT C. FAISS (Left), SANTA MONICA (Center), HAARLEM LADY (Right), MRS. MARY BARD (Bottom).

DREAM (Top), MARIE VOGEL (Left Center), SUE JARRETT (Right Center), FIREFLY (Bottom Left), BEVERLY HILLS (Bottom Right).

Easter Greeting. Very early flowering with an extremely long flowering season. Bright red with a large black blotch on each petal.

Edith North. Salmon-pink with deeper shadings on the upper petals and blotched dark brown. Vigorous and free flowering holding the large trusses well above the leaves.

Firefly. This little gem more than makes up for its small flowers in their rich, intense red. Prolific and showy. Leaves sharply cut and tinted red.

Francis. Fine compact habit and good blooming tendency. Flowers light salmon-pink with two dark eyes.

Gardener's Joy. Early Ruffled flowers light salmon pink with dark blotches on upper petals.

Geraldine. Bright pink with white center. Upper petals blotched. A very lovely Pelargonium.

Glendale. One of the best. Medium rose with red blotches in center of all petals. Large flowers in huge clusters. Early and strong growing.

Grandma Fisher. Rich clear salmon with dark blotches. Large ruffled flowers. Vigorous upright growth.

Harlem Lady. Early. Rose purple with large white center and dark blotches. Petals recurved.

Jessie Jarrett. Difficult to describe. The effect is a glowing dark red with a different edge. Large flowers.

Joan Fontaine. Like Jessie Jarrett but deeper in color. Flowers very large and early. Neat habit of growth.

John Wintermute. This one we had to hide to keep our stock plants from being sold. It is without question one of the most beautiful pelargoniums on the list. Large ruffled flowers of vivid raspberry overlaid with maroon and a beautiful narrow edging of light pink. Each \$1.00.

Joyce. Deep velvety maroon with ruffled edge, medium white throat. Upper petals slightly darker than the lower.

Lois Edna Cox. Dwarf habit. Very large salmon-pink flowers with small blotches on all petals.

Mackensen. Large fiery rose-pink flowers in immense clusters. Dark blotches on upper petals. Upright habit.

Mabel. Deep velvety red with dark eyes and white center. Large Pansy type. Early. Upright free growing.

Majesta. One of the finest Pelargoniums we have. The extremely large flowers are a lovely shade of lavender, lighter toward the center, with deeper veining on the upper petals.

Marie Rober. Purple magenta to black. One of the finest dark colored Pelargoniums. Large ruffled flowers.

Marie Vogel. Red faintly flushed with salmon and shading to salmon. Dark blotches on upper petals. Wavy petals. Early and very large flowers.

Mrs. Mary Bard. Snow white with slight markings of deep purple in center of flower. Makes a very fine pot plant.

Mrs. Mooren. Like Majesta in size but the flowers a deeper and more vivid orchid with white center. Upper two petals show blotches of Dahlia purple. Petals have rounded shape and a neat lighter colored edge. Each 75c.

Neuheit C. Faiss. Heliotrope violet with deep velvety purple blotches on each petal. Free flowering.

Nitida. Large clear white, upper petals blushed with faint pink and blotched dark violet. Showy.

Oberle. One of the largest flowered varieties we offer. Lower petals almost white with the faintest tint of delicate light pink. Maroon markings on upper petals blend to a rich rose red. A very delightful flower. Each 75c.

Orange Sal. Vivid salmon, almost orange in color, rich and clear. Upper petals with bright deep spots veined toward the center; lower petals with a few narrow veins. Petals delightfully but slightly ruffled. Each 75c.

Orchid Sue Jarrett. Orchid sport of Sue Jarrett, otherwise like the parent.

Palo Alto. Large pale pinkish lavender flowers with prominent veins and deep violet blotches on the upper petals. Long stems.

Peggy Craddock. Light silvery pink with a center of pale strawberry color. Upper petals with dainty rose-red blotches and a few veins of the same color running toward the center. This is a gay color combination but very lovely.

Pink Gardener's Joy. Petals slightly ruffled. A delightful rich pink with the two upper petals a deeper shade, very vivid and fading to a white blotch at center. Spots and veins are dark maroon. Choice and lively variety for any collection. Each 75c.

GLENDAL (Top), SALMON SPRINGTIME (Center Left), CARMEN QUEEN (Right Center), MAJESTA (Bottom Left), JESSIE JARRETT (Bottom Right.)

Ruffled Oriental. Velvety black blotch in center surrounded with strawberry red and edges pink. Crimson veined.

Ruth McAfee. Begonia rose with a salmon sheen. Deep red blotches in center of upper petals. Early, long blooming.

Salmon Springtime. Striking color—a beautiful salmon rose-pink. Early flowering. Excellent. Sold out until March, 1947.

Santa Monica. Light rose pink with carmine blotches on the two upper petals, surrounded by rose pink. Very large and early flowering.

Spring Magic. Compact habit; large ruffled flowers of white and shell pink. Dark blotches on upper petals.

Sue Jarrett. Salmon pink with unusually large markings of velvety maroon on upper petals. Lighter at base to dark around the center spot. Early; free flowering.

Sunlight. Similar to Azalea but brighter in color. A beautiful red to crimson color. Extra large flowers.

Sunset Magazine. A very fine variety similar to Sue Jarrett. Upper petals the same but lower are salmon-pink with lighter center. Very large flowers.

Tangerine. One of the most beautiful of the new Pelargoniums. Flowers very large, almost a self colored bright salmon-rose with a few maroon veins on upper petals, often just tiny spots. Very beautiful, flowers the essence of simplicity. Each 75c.

T. A. Topper. Round flowers of good size in a light pink with tints of more vivid pink. Markings on center rib of all petals deep maroon blending out to a deep pink feathering. Each 75c.

PYRACANTHA

PYRACANTHA

Christmas season our eyes center on all red berries. Every kind on the market is being advertised and shown. Out of these, we prefer Pyracantha Duvali.

We have grown this variety and shown it here in Pasadena for the past seven years. We do not claim this to be the darkest berry, but it is the best **RED** berry and never fails to catch the eye. It is the biggest clustering berry—it has resisted all diseases.

It is not a berry birds will not eat. However, we have yet to find one that will not attract birds. But there is a distinction among berries. Pyracantha Duvali, although red, is not ripe until after Christmas. Being sour, the birds will not touch the berries until after Christmas, when they are ripened.

Beautiful plants in gallon cans—loaded with berries—at \$1.50; 5-gal., \$4.50.

For delivery of well berried plants for the Christmas season be sure to place your order well before December 1. Shipping weight: gal. 12 lbs. Although we will use every effort to pack "berried" plants for safe shipment, we cannot guarantee safe arrival at destination.
